

Leadership

Our school enhances leadership quality among its students by having an active prefectorial body which is actively involved in all the spheres of school functioning so that they develop confidence, team spirit and balanced decision making. Students have the opportunity to develop leadership skills. Each student has the opportunity of leading community service projects. The students and the staff work as a team. A model of learning and leadership development, transforming character and building life experiences into a high level of self knowledge, personal connection with the world around them.
