### Q1 Read the passage and answer the questions that follow.

Rupin was spending the summer holidays with his grandparents at their farm. One night, as he was getting ready to sleep, he heard a loud shrieking sound coming from the stable outside. He had trouble falling asleep that night. He thought there might be a monster in the stable.

The next morning, he got out of the bed hurriedly and went straight to the stable to see what had caused the noise the night before. He looked everywhere. He was puzzled. He could not find anything except the horses. That night after dinner, Rupin got a torchlight and headed out to the stables.

“Where are you going ?” his grandfather asked. “I am going to look for the monster in the stable that was shrieking so much last night,” the boy replied.

“It was only an owl that you heard last night,” the grandfather said, “They are night -time hunters , so you hear them only at night.”

Rupin was happy and relieved that it wasn't a monster.
