

# PT4/ANNUAL EXAMINATION, 2022-23

## ENGLISH

Time - 3 hrs.

Class – V (SET-B)

M.M. – 80

Name of the student \_\_\_\_\_ Section \_\_\_\_\_ Date - 07.02.2023 (Tuesday)

### SECTION –A (READING : 18 MARKS)

**Q.1. Read the passage carefully and answer the questions that follows.**

One day a wonderful plate made of gold fell from heaven into the court of a temple. The following words were written on it, " A gift from heaven to him who loves mankind the best". The priest of the temple invited people to the temple and told them about the gift from heaven. Everybody claimed that they love mankind best, then each one got up one by one and narrated their own kind deeds. But as soon as they touched the plate, it turned into lead. The richest man in the village got up and spoke about his big charity, but as soon as he touched the plate, it turned into lead. A poor farmer was also present there. He did not know about the plate. He sat in a corner quietly. The priest called him to touch the plate. He bowed to the plate and touched the plate. It shone more brightly. The priest awarded the farmer the plate as his love for mankind was true.

**a. Fill in the blanks. (1)**

i) The gift from heaven was made of \_\_\_\_\_

ii) When the richest man touched the plate, it turned into \_\_\_\_\_ (1)

D. Everybody got the gold plate.

**d. Pick out the word from passage which is the antonym for the word 'cruel'. (1)**

**e. Answer in a complete sentence.**

From where did the plate of gold fall? (2)

**Q.2. Read the passage carefully and answer the questions that follows.**

Artists use colour to create patterns. Colour can also show distinct moods. Bright colours make us feel elated and energetic. Dark colours make us feel calm or sorrowful. The primary colours are red, yellow, and blue. They are the colours that can be mixed together to make diverse colours. Combining two primary colours makes a secondary colour. The secondary colours are orange, green, and violet (purple). Orange is made by mixing yellow and red. Green is made by blending yellow and blue. Violet is made by mixing red and blue.

Intermediate colours can be made by mixing a primary and a secondary colour together.

Some intermediate colours are blue violet and red orange. Black, white, and grey are

special colours. They are called neutral colours. Colours have been organized into a colour wheel. A colour wheel is a simple tool that helps to visualise which hues go together. It shows the three primary colours, the three secondary colours, and the six intermediate colours. Artists use the colour wheel to develop colour schemes. It helps them in designing their projects in a way that creates a pleasing effect.

a. **Match the type of colour to its example.** (2)

Type of Colour		Example	
i.	Neutral	a.	blue violet
ii.	Secondary	b.	grey
iii.	Primary	c.	green
