A. Answer These

Q1.Why do some doors, windows and balconies have a grill?

Ans-Some doors, windows and balconies have a grill made of iron to stop thieves from entering the house.

Q2.Why do people fit screens on their windows?

Ans-The windows and doors of some houses have a wire or plastic screen(net) to keep out flies and mosquitoes.

Q3. Why should a house have big windows?

Ans-A house should have big windows to let in sunlight and fresh air.

Q4. What kinds of places do germs like?

Ans-Germs like dark, warm and damp places.

Q5. Why should people collect garbage in covered bins?

Ans-Garbage must be collected in covered bin. If it is not covered, flies and germs can breed in rotting garbage.
