

CLASS - NOTES

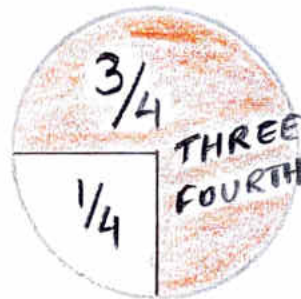

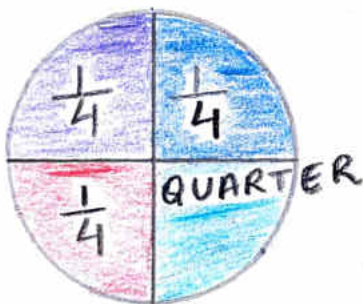

Class - IV

Chapter No. - 09

Subject - Mathematics

Topic - Halves And Quarters

Note down In Your Maths Notebook

Lets understand fraction \rightarrow

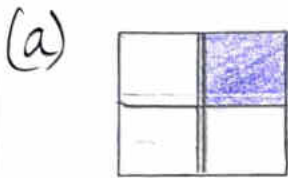

- * A fraction is a part of a whole.
- * A fraction consists of Numerator and Denominator.

$$\frac{3}{4} \Rightarrow \text{Numerator}$$
$$4 \Rightarrow \text{Denominator}$$

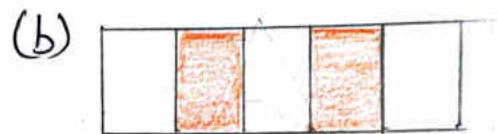

Numerator \Rightarrow It tells how many parts of the whole are taken.

Denominator \Rightarrow It tells how many parts the whole is divided into.

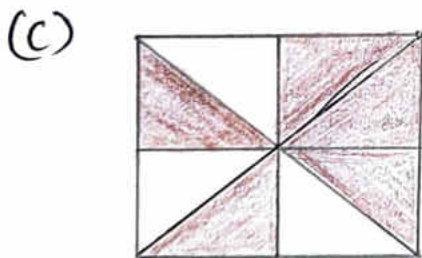

Q: Study the figures, and show the shaded and unshaded portion in fraction.

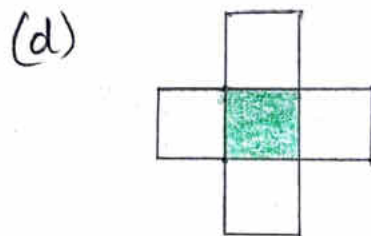

$$\text{Shaded} = \frac{1}{4}$$
$$\text{Unshaded} = \frac{3}{4}$$

$$\text{Shaded} = \frac{2}{5}$$
$$\text{Unshaded} = \frac{3}{5}$$

$$\text{Shaded} = \frac{5}{8}$$
$$\text{Unshaded} = \frac{3}{8}$$

$$\text{Shaded} = \frac{1}{5}$$
$$\text{Unshaded} = \frac{4}{5}$$

The above content is prepared at home.
