

# CLASS NOTES

Class: II

Topic: LET'S START THE COMPUTER

Subject: Computer

## Start on with these steps:

- Adjust yourself on your chair in correct position.
- Switch on the main power switch and turn on your C.P.U.
- Now see power is coming to your keyboard then switch on your monitor.
- Wait until your computer starts showing the welcome icons.
- It will take 1 or 2 minutes after which computer will start showing your desktop files and other icons.

**Note - The above content has been absolutely prepared from home. The content need NOT TO BE written anywhere it is only for learning and understanding.**
