Read the passage carefully and answer the questions that follow .

I am Renu. I remember my train journey to Assam last year during my summer vacation. I waited with my parents and sister at the station for the train to arrive.

Soon a big train pulled in to the station around 4 pm, and the station master opened the gates for boarding.

I held onto my dad's hand tightly till we found our bunks. My parents first stored the luggage and then seated all of us. I grabbed the window seat and held onto my bag full of candies tightly. My sister played with me for a while, but then she got tired. I was not tired because of the excitement.

I looked out of the window and saw the train pass through many valleys. It was a moonlit night, and the wind blowing through the window felt good. After a light dinner, I felt drowsy and fell asleep.

We had a great trip and reached our destination the next morning.
